[Oil jumps on U.S. Gulf storm threat](#)

□

As CNN noted this morning, the models on this one are unusually congruent. Not the typical mess of spaghetti:

□

[TheStormTrack](#) thinks this one could be nasty - worse than the NHC is currently predicting.

[USDA-DOE Announce Additional Key Note Speakers for Review](#): Matt Simmons is on the list.

Additional keynote speakers have been confirmed for *Advancing Renewable Energy: An American Rural Renaissance*. This conference is co-hosted by the U.S. Department of Agriculture (USDA) and U.S. Department of Energy (DOE) and is designed to create partnerships and strategies that will accelerate commercialization of renewable energy industries and distribution systems, the crux of President Bush's Advanced Energy Initiative. *Advancing Renewable Energy*, is scheduled to take place October 10-12, 2006, at the America's Center in St. Louis, Missouri.
