

## NPR's Marketplace Peak Oil Blurb...

Posted by [Prof. Goose](#) on June 26, 2005 - 8:56am

Yet another little thing to send to those you want to convince about peak oil. Discusses the basics and even talks about Simmons a little bit.

[A long view on oil from commentator Mark Hertsgaard...](#)

*(edited to add: apparently, there was an interview with T. Boone Pickens that followed this, but I think you have to listen to the entire show to get it...or if someone can find it and put the link in the comments, that would be grand...)*
