

Comment nesting problems

Posted by [Super G](#) on January 4, 2008 - 1:22am

Topic: [Site news](#)

I made some minor changes to the code that lays out the comments. If the comment threads do not have their usual "nested" appearance in your browser, try clearing your browser's cache **and reloading the page** (added 1/4 10:10a EST). If the problem persists, please leave a comment with your operating system version and browser version.
