

10M Unique Visits

Posted by [Prof. Goose](#) on April 7, 2008 - 6:05pm

Topic: [Site news](#)

Just in the last hour, [TOD went over 10 million unique visits](#) in just over three years. Thanks very much to the TOD community!

[Clarifying note by Super G] What's being measured is the number of unique visitors in a day. When a person views the site five times in one day, it counts as one visit; when a person views the site on five separate days, it counts as five visits.
