I had a chat to Chris Whitta on Radio New Zealand National tonight. As usual, it took a minute or two to warm up but Chris spent a good twenty minutes looking at the issue from a few different angles.

Listen to the Show: www.radionz.co.nz: [Peak Oil Yet?](#)

Anybody out there catch it live in NZ?

If you've got your own views on the future of transport and energy in NZ, let us know so we can publish it here:
