For those of you in or near New York City, don't forget about the [Petrocollapse Conference](#) on Wednesday, Oct 5. Payment is on a sliding scale, so if you can't afford the \$100 VIP tickets, no problem. Call in sick and come anyway!

This conference features some speakers that haven't yet appeared everywhere else:

- John Darnell, Ph.D.: Congressman Roscoe Bartlett's environmental/energy coordinator
- [James Howard Kunstler](#): Author of The Long Emergency
- [Jan Lundberg](#): Oil industry analyst, founder of Auto-Free Times and [culturechange.org](#)
- [Andrew McKillop](#): Editor of The Final Energy Crisis
- [Jenna Orkin](#): Peak oil "lobbyist", World Trade Center Environmental Organization
- [David Pimentel, Ph.D.](#): Agricultural economist at Cornell University
- [David Room](#): Post Carbon Institute, and Global Public Media website

And, if you're lucky, you might get to meet me and peakguy! But if you can't come, peakguy and I will have a round-up of the events hopefully by the end of the week.
