Zero Carbon Australia will be [launching](#) their [Stationary Energy Plan](#) in Sydney this Thursday.

Thursday 12 August - 6-7.45pm

Sydney Town Hall, 483 George St, Sydney

Featuring:

Hon. Bob Carr - Former NSW Premier

Hon. Malcolm Turnbull - Federal MP for Wentworth

Senator Scott Ludlam - Federal Senator WA

Matthew Wright - Executive Director Beyond Zero Emissions

Allan Jones MBE - Chief Development Officer, Energy & Climate Change, City of Sydney

MC - Quentin Dempster - journalist and broadcaster

Free Entry

You are invited to attend the Sydney launch of the Zero Carbon Australia Stationary Energy Plan.

This cutting-edge plan, the culmination of over 12 months and thousands of hours of pro bono work by engineers, scientists and postgraduate students, is a collaboration between the climate solutions think tank Beyond Zero Emissions, and the University of Melbourne Energy Institute.

This plan is unique in Australia. It is a detailed and costed blueprint for transitioning our stationary energy sector to 100% renewable energy in ten years. The technologies utilised in this plan are commercially available now.

This free public event will cover the details of the plan as well as the state of renewable energy in Australia more broadly. A panel discussion with technical experts will follow the presentations.

Don't miss out!
