And next door to Iraq, we have [this train-wreck waiting to happen](#):

Addressing a conference in Tehran on Wednesday, entitled "The World Without Zionism", Ahmadinejad said, "To those who doubt, to those who ask is it possible, or those who do not believe, I say accomplishment of a world without America and Israel is both possible and feasible."

To a cheering audience that at several points erupted with chants of "death to Israel, death to America, death to England", Ahmadinejad continued, "Once, his eminency Imam [Ruhollah] Khomeini - leader of the 1979 Islamic revolution], stated that the illegal regime of the Pahlavis must go, and it happened. Then he said the Soviet empire would disappear, and it happened. He also said that this evil man Saddam [Hussein] must be punished, and we see that he is under trial in his country. His eminency also said that the occupation regime of Qods [Jerusalem, or Israel] must be wiped off from the map of the world, and with the help of the Almighty, we shall soon experience a world without America and Zionism, notwithstanding those who doubt."
