

## Articles you can send to your friends without completely freaking them out...

Posted by [Prof. Goose](#) on April 26, 2005 - 9:11am

Yeah, sending someone a link to a [hard](#) core [primer](#) on [peak oil](#) is kinda like leaving a bag of flaming dog poop on their doorstep and running away.

[This article](#), however, is a pretty good introduction and summary of the idea, from a relatively non-alarmist perspective, from the Independent. (hat tip: [LOBG](#))

Technorati Tags: [peak oil](#), [oil](#)
