Last night, Stuart appeared on BBC Five Live's program Up All Night, during their "Pods and Blogs" segment. He discussed the impact of supply disruptions from Iran (a companion to [this post](#)).

You can get the streaming audio [here](#) (fast forward to 3:41 to get to Stuart). His appearance is mentioned on [Up All Night's blog](#).

You may recall that Heading Out appeared on the same program back in August (discussed [here](#) and [here](#)).
